

## FOR USERS OF ADOBE READER 6 OR EARLIER

This CDROM has been designed for use with Adobe Reader 7 or later.

If you are using Acrobat Reader 6 or earlier, we recommend that you consider installing the latest version of Adobe Reader from this CDROM or from the Adobe web page at:

<http://www.adobe.com/products/acrobat/readstep2.html>

The PDF files on this CDROM may be viewed with Adobe Reader versions 5, 6, 7 & 8. Some PDF files may cause warnings to be displayed by Adobe Reader Acrobat 5 & 6, but the files should display correctly.

If you find a PDF file which does not display correctly, then you must install Adobe Reader 7 or later to view it.

Some navigational features of this CDROM will not work correctly on Adobe Reader 5 & 6, because these earlier versions of Adobe Reader have features which are not compatible with Adobe Reader 7 & 8. The known issues are shown below.

FEATURE	ADOBE READER VERSION			
	5.X	6.X	7.X	8.X
“Search” bookmark on this CDROM	No <sup>1</sup>	No <sup>2</sup>	Yes	Yes
“Search” link on this CDROM	No <sup>1</sup>	No <sup>2</sup>	Yes	Yes
Use of the search index on this CDROM via Adobe Reader toolbar or menu	No <sup>1</sup>	Yes	Yes	Yes

“Yes”: feature supported, “No”: feature not supported

- <sup>1</sup> The search index format for Adobe Reader 5 is obsolete and is no longer supported by Adobe. This CDROM does **NOT** contain a search index suitable for Adobe Reader 5. This CDROM does contain a search index for Adobe Reader 6, 7 & 8.
- <sup>2</sup> The search index on this CDROM can be accessed by Adobe Reader 6 using the Adobe Reader menu (EDIT/SEARCH) or the Adobe Reader toolbar button (SEARCH). For compatibility reasons, the “Search” bookmark and the “Search” link on this CDROM work with Adobe Reader 7 or later, but not with Adobe Reader 6 or earlier.
